logo, identity system

This client had very clear ideas of the visuals they wanted for their company, a gun retailer startup in northeastern Ohio.

The client wanted to place two 1911 model revolvers back-to-back, with one side modified to create the horn of a sheep. The border shape behind and surrounding the logo replicates a sheep's body. Use of the Shadow of Xizor font was also specifically requested.

It was a dark and stormy night...

Out of this wild night, a strange visitor comes to the Murry house and beckons Meg, her brother Charles Wallace, and their friend Calvin O'Keefe on a most dangerous and extraordinary adventure—one that will threaten their lives and our universe.

"Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me be on my way. Speaking of way, by the way, there is such a thing as a tesseract".

A tesseract (in case the reader doesn't know) is a wrinkle in time. Meg's father had been experimenting with time-travel when he suddenly disappeared. Will Meg, Charles Wallace, and Calvin outwit the forces of evil as they search through space for their father?
